

HVEN BENCH CUSHION, DUNES LEATHER

Designed by Anton Björnsing

Achieve an even better comfort with Hven Bench Cushion in leather. The cushion has a slip-resistant backside and the foam in the cushion has a medium firmness, which makes it perfect for a long sit-down dinner. Dunes leather is a strong and chrome-free material processed by a water-based aniline dye. This keeps the leather's natural surface as it is, with visible grains, wrinkles and pores. It has a matte, velvety look and feel, and patinates beautifully.

ITEM NO.	DIMENSIONS	MATERIAL (COLOUR/S)	PACKAGING
1950532 (Cognac)	Length: 123,4 cm	Dunes Leather, manufactured by Danish Sørensen Leather, a renowned family-owned business established in 1973.	1 pcs
